ABOUT BENETTI YACHTS

Since 1873, more than 350 boats built, over 300,000 sq m (3.229.173 sq.ft) of production facilities at three shipyards in Italy and 35 yachts under construction at the present time, including three giga yachts of 100mt and longer. These facts and figures unambiguously demonstrate the momentum of Benetti's growth and Clients' unrestrained confidence in the brand.

OUR SHIPYARDS

LIVORNO

Purchased in 2004, the Livorno boatyard covers a surface area of about 200,000 sq m. Inherited from the illustrious Cantiere Orlando, it has been converted by Benetti into a modern production facility where 12 custom steel and aluminium mega yachts can be built at the same time.

The Livorno boatyard also offers super-yacht repair services, with a private dock where boats up to 80 meters in length can moor. As the Mediterranean's largest and most up-to-date refit centre, it is set to play a key role in pleasure craft development in Italy and Europe as a whole.

VIAREGGIO

Benetti has had its headquarters in Viareggio, in via Coppino, since 1873. The two production facilities here, Darsena Lucca and Darsena Italia, are equipped today with the latest technology for building Class Range yachts in the 93 to 145 foot range.

Darsena Italia can produce four 35-70 meter yachts concurrently and can also boast a dry dock and a helipad. Darsena Lucca can build three yachts at the same time up to 42 meters in length. A third, more recent, facility increases production capacity by six more yachts.

BUILDING IN TUSCANY, ITALY

A shipyard situated in the heart of a town in which culture and art live together in symbiosis offers Owners undeniably unique opportunities.

Tuscany is home to a tradition of the finest craftsmanship and a refined sense of Italian design. Benetti interprets this unique and highly-valued reality and upholds its values not only during design and production, but also in agreeable social situations, after a sudden transition, let's say, from a meeting in the boatyard to the estate of a world famous wine producer, from a city of art to a breathtaking beach, or from magical countryside to an award winning restaurant.
